

T Cell Activation

MARCH 13, 2015

13:45 Immune cell-to-cell communication and exosomal-microRNA transfer

Francisco Sánchez Madrid, Universidad Autónoma de Madrid

14:30 Exploring T-cell receptor function using chemical and optical tools

John James, University of Cambridge

15:15 TCR signals in NKT and Treg cell identity and function

Marc Schmidt-Supprian, Max Planck Institute of Biochemistry, Martinsried

16:00 COFFEE BREAK

16:30 Dissecting the TCR signaling pathway using unbiased approaches

Romain Roncagalli, Centre d'Immunologie de Marseille-Luminy

17:15 Inhibitomes in T cell signaling

Alexandre Carmo, IBMC, Porto
