

Mon, June 13	9.30-11.00	Introduction	Monica Sousa, Nerve Regeneration Group, IBMC
	11.30-13.00	Central Nerve Injury- a clinical perspective	Paulo Pereira, Unidade Vertebro-Medular, HGSJ/UP
	LUNCH		
	14.00-15.30	The actin cytoskeleton during axon growth and regeneration	Sergio leite, ESPCI-ParisTech
	16.00-17.30	Neuronal microtubules during axon regeneration	Márcia Liz, Neurodegeneration Group, IBMC
Tue, June 14	9.30-11.00	Injury signals and axonal transport	Fernando Mar, Nerve Regeneration Group, IBMC
	11.30-13.00	The importance of myelin lipids and proteins in the glial scar	Pedro Brites, Nerve Regeneration Group, IBMC
	LUNCH		
	14.30-16.00	Spinal cord regeneration in zebrafish	Leonor Saúde, IMM
Wed, June 15	9.30-11.00	Remyelination in the CNS and PNS	João Relvas, Glial Cell Biology Group, IBMC
	11.30-13.00	Spinal cord development	Moises Mallo, IGC
	LUNCH		
	afternoon	Prepare journal club	
Thu, June 16	9.30-11.00	Fatiha Nothias	
	11.30-13.00	Fatiha Nothias	
	LUNCH		
	15.00-17.00	Journal club	Fatiha Nothias+ Marcia Liz/Fernando Mar
Fri, June 17	9.30-12.00	<i>Practical workshop: in vitro cultures of neurons and glia; animal models of nerve and spinal cord injury</i>	Fernando Mar, Tiago Silva, Joana Nogueira
	LUNCH		
	14.00-17.00	<i>Practical workshop: in vitro cultures of neurons and glia; animal models of nerve and spinal cord injury</i>	Fernando Mar, Tiago Silva, Joana Nogueira
