

GABBA 2014

Microbiology and Infection

Coordinator: Didier Cabanes

	May 12, 2014	May 13, 2014	May 14, 2014	May 15, 2014	May 16, 2014
9					
10	Projects / Papers distribution (Audit C) (10h-11h)				Projects presentation (Audit C) 9h30-11h30
11		Nuno Santos (IBMC, Porto) Bacterial toxins (10h-11h30)	Serge Mostowy (Imperial College, London) Intracellular host defence against bacterial pathogens (10h-11h30)	Sandra Sousa (IBMC, Porto) From pathogenesis to cell biology and back: Listeria as a model (10h-11h30)	
12					(IBMC Seminar Main audit)
13					
14	Adriano Henriques (ITQB, Lisboa) Sporulation and Bacterial Virulence (14h-15h30)	Paula Ferreira (IBMC, Porto) Experimental <i>Streptococcus agalactiae</i> infections (14h-15h30)	Francisco Mesquita (IBMC, Porto) Host Response to Pore Forming Toxins (14h-15h30)	Jaime Mota (UNL, Lisboa) Function of type III secreted effectors of <i>Salmonella</i> (14h-15h30)	
15					
16	Salomé Gomes (IBMC, Porto) Role of iron in host-pathogen interation (16h-17h30)	Manuel Vilanova (IBMC, Porto) Candida albicans disseminated infections (16h-17h30)			Projects presentation (Audit C) 16h-18h
